Listed above are typical shelf-life recommendations. For shelf life validation on a specific lot batch, contact: LUBRIPLATE Lubricants Co., Technical Services @ 1-800-347-5343.

Shelf-life of LUBRIPLATE & FISKE brand lubricants are based on the date of manufacture. Several factors, including storage conditions of LUBRIPLATE® and FISKE® brand products can significantly alter the shelf life of the product.

RECOMMENDED STORAGE CONDITIONS FOR LUBRIPLATE® AND FISKE® LUBRICANTS:

1. Products should be stored between 40°F-120°F.
2. Products should be stored in a dry covered environment.
3. Products should not be stored in warm, direct sunlight.
4. Improper storage conditions can significantly alter the shelf life of the product. Such conditions would include temperature, moisture, open containers, etc.
