## PRODUCT DATA

# LUBRIPLATE CHAIN & CABLE HEAVY

## DESCRIPTION

LUBRIPLATE Chain & Cable-Heavy is a lubricating, penetrating and cleaning lubricant designed for a multitude of heavy-duty applications. LUBRIPLATE Chain & Cable-Heavy will maintain a moist lubricating film that will not pick up dust and dirt but rather will act as a lubricating, cleansing and penetrating agent. In the lubrication of roller chains, it is most important not only to protect the surface of the chains, but also to penetrate and lubricate the inside of the links to provide total lubrication as well as prevention of rust and corrosion both on the inside and the outside.

## APPLICATIONS

LUBRIPLATE Chain & Cable-Heavy is designed for medium and large size roller chains, heavy cables, drive chains on concrete mixers as well as other construction equipment and in all areas where an extreme pressure, heavy-duty, tacky, penetrating, lubricating and cleansing film is preferred.

## ADVANTAGES

LUBRIPLATE Chain & Cable-Heavy has been used very successfully lubricating chains and slides under steamy wet conditions where other lubricants had failed miserably. Due to its clinging ability, LUBRIPLATE Chain & Cable-Heavy is also recommended for applications where a drip-less oil is required.

## Typical Test Data

PROPERTY	TEST METHOD	TYPICAL RESULTS*
Viscosity SUS @ 100°F	ASTM D-2161	716
Viscosity cSt @ 40°C	ASTM D-445	135
Viscosity SUS @ 210°F	ASTM D-2161	78
Viscosity cSt @ 100°C	ASTM D-445	15
ISO Grade	ASTM D-2422	150
SAE Grade		40
Flash Point	ASTM D-92	390°F/199°C
Fire Point	ASTM D-92	440°F/227°C
Pour Point	ASTM D-97	-10°F/-23°C
Color	ASTM D-1500	L-4.5
API Gravity	ASTM D-287	23.5

## PACKAGING AVAILABLE

## Part No.

Carton, 4/7 lb. Plastic Jugs	L0136-007
Carton, 12/2 lb. Plastic Bottles	L0136-013
35 lb. Pail	L0136-035
120 lb. Quarter Size Drum	L0136-039
415 lb. Full Size Drum	L0136-040
