LOOK TO LUBRIPLATE® PGO & PGO-FGL SERIES

**ULTRA HIGH-PERFORMANCE, 100% SYNTHETIC,
POLYALKYLENE GLYCOL (PAG)-BASED GEAR OILS**

Lubriplate PGO and PGO-FGL Series Gear Oils are designed for gearboxes operating in the most demanding conditions. They provide outstanding thermal stability, excellent extreme pressure and anti-wear performance and protection against micropitting. They exceed 13 stages of the FZG test. They offer long service life and work well over extended fluid change intervals. This conserves resources and helps ease waste oil disposal problems. They also effectively lubricate in areas of intense water contamination. Lubriplate PGO-FGL Series are NSF H1 Registered Food Machinery Grade.

100% Synthetic Ultra High-Performance, Advanced Polyalkylene Glycol (PAG)-Based Oils.

Energy Saving Low Coefficient of Friction Reduces Energy Requirements (Up To 7% in Worm Gears).

4x Better Oxidation Resistance - Provides Long Service Life and Extended Drain Intervals which Conserves Resources.
